the carbon

REMEMBER:

If you remember, last week THE CARBON asked for your opinions on the parking regulations. Well---THE CARBON has received a definite response to the call. This response has been strictly "ANTI"!

"Give all upper-classmen the same color sticker." But they still go along with the fines imposed and so forth. The only objections are: the upper-classmen are segregated and the "Senior" lot is seldom full and the residue from the other lots are forced to run the risk of a fine by parking elsewhere.

THE CARBON is neutral to the whole deal, but it feels that it should attempt to bring the objections of the students to the Student Board. This is your voice, so let's hear from you.

This petition is available on demand. Also the names signed to it.

THE STUDENTS WANT

It seems that not a few of the students would just love to see the Constitution of the Board. Upon consultation with the President of the Board, we find that they will get their wish. On March 26, a copy of said document will be given to each student.

CHURCH?

It is true! There is a chapel here. It is located in the East Wing of Marian Hall. But it could be located in Lower Slobbovia for all the attendance at Benediction.

But I guess we can't expect the attendance to pick up, after all, it's only Lent!

"ANYONE FOR EUCHRE?"

HOW ABOUT IT?

Father Stineman has asked THE CARBON to remind one and all to dig in and see their counselors before mid-term. It is a very good idea. They have results of your tests, they can tell you whether or not you've got a personality or not and such things!

SOPHOMORE CO-OPS

On March 6 and March 7 the Sophomores will be taking some extra-curricular tests commonly referred to by us as "Co-ops."

These tests are used to provide the participants with a measure of their achievements in their chosen fields.

Sophomores will be tested for general cultural background, an understanding of world affairs, English expression, and reading comprehension.

MEN'S SWIM MEET

There will be a men's swim meet tomorrow night at DePaul University. As of yet we have a perfect record, but maybe tomorrow night will be the night! Good luck, Fellows!

FRIDAY ASSEMBLY

How about all of you coming to the assembly Friday? Surely you could manage a few minutes to help the Visible Head of the Church celebrate his birthday.

And then there's the story about the man who took his nose apart to see what made it run. Or what about the definition for vulgarity--the conduct of others!

STRANGE FACES

Yesterday you may have noticed some fresh "talent" on campus.

It seems such a shame to take the sweet youth of Indiana (and surrounding possessions) and subject them to a day at Marian College.

Their faith in humanity is undoubtedly shattered. They have joined the ranks which wander around mumbling to themselves, with rings around their eyes, and a dazed expression on their faces.

Yes, yesterday was High School Day. And now that the "youngsters" have tasted the "HUB-BUB" of college life, five will get you ten, (2-1) they'll be back for more.

STUDENT BOARD MINUTES

A special meeting of the Student Board was held on February 23 and these are the results:

1--George DeHart moved that Dale Magness and Alice Hayworth be named co-editors of the Carbon. Bert O'Bryan seconded, and the motion was carried.

2--Jean Parker moved that April 27 be held tentatively for the Fioretti Dance. Dick Beck seconded and the motion was carried.

3--Jean Parker moved that Dick Beck be given the authority to repair ping-pong tables in the mixed lounge. Maureen Feeney seconded and the motion was carried.

4--Bernie Sheehan moved that May 4 be held for the sophomore's Sadie Hawkins Dance. Bert O'Bryan seconded and the motion was carried.
